## 1. Access Your Account

- A. Log in with your registered information using your Member ID and password.  
OR
- B. Create an account in the **NEW MEMBERS - Create an Account** section using the access code **uicocs3050** and a desired ID name. You will be prompted to complete additional information. Once completed, you will be brought to your **Main Menu** screen.

## 2. Assess Yourself

If you are unsure of which direction to take or want to discover more about yourself, consider doing one of these assessment tools on the far right of your **Main Menu** under the **Assessment** section. You can assess your **Values, Interests, or Personality** using one of the formats in each section (**Pairs, Cards, QikPik**) or assess your **Skills** by completing the **Skills Survey**. Once you complete a particular section, your results will be saved in your **Portfolio** in the **My Stuff** section.

You can always review your assessments by entering your **Portfolio**. To see what jobs match your **Values, Interests, or Personality**, click on those words while in your **Portfolio** in the **Survey Results** section. Then, click **Explore** to view and learn about potential careers that match your **Values, Interests, or Personality**.

To see what careers match your **Skills**, click **Skills Survey** and choose one of your assessed skills to bring a list of potential careers that match your **Skills**.

## 3. Find a Major

1. At the **Main Menu**, click **Find a Major**.
2. You must declare a possible major to see what is expected in that program. Click **Course Work and Related Occupations**.
3. From the list, choose a subject that interests you. If you need further information, you can click on the **O** to see what types of occupations fall in the subject area or **C** to see what courses you may take in this major. (Not all majors will have list of courses.)
4. Once you choose a possible major, you will be directed back to your **Main Menu**. Notice how your "chosen" major is now populated on top. (You can always change majors by repeating Steps 2 and 3.)
5. To see possible courses you may take in this major, click **Check out the course work** on your **Welcome Screen**. A list of course descriptions will be shared with you.
6. To see possible job titles, click **Browse the occupations related to it**. From here, you can learn more about the job by clicking the job title and exploring the menu area to the left of the occupation. To learn about more resources or to watch videos about this job, click **Find Out More** in the menu area in the **Occupational Information** section.
7. To Bookmark the job, you can click on **Bookmark This** on the top of the **Occupational Information**.
8. To return to your **Main Menu**, close window by clicking **Done**.

## 4. What to Do with Your Major

1. At your **Main Menu**, click on **See what I can do with my major**.
2. Browse **occupations** and **videos** for this major and **bookmark** those that interest you.
3. You can also **compare jobs side-by-side** by choosing two different jobs from your pool of bookmarked jobs.
4. You can also change majors by returning to your **What Can I Do with My Major?** section and modifying your choice of major and selecting a new one.
5. To return to your **Main Menu**, close window by clicking **Done**.
